

Please don't let the Bell "Wolves" own the chicken coop that the FCC already allows them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. As you are probably aware, ISPs and CLECs that I use will die. I will not have much of a choice. Consumers and little guys like me will be deprived of choice and the FCC will be wholly to blame for the travesty. PLEASE DO NOT DO THIS. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country.
